Dave. Thanks. We will leave it in your hands. Let us know when you are comfortable in proceeding.

Thanks Jim,

I will let you know:

- a) when we get authorized to begin searching
- b) when we have candidates that I believe in
- c) when we extend an offer
- d) when an offer is accepted.

Probably the neighborhood of stage c) would be the right time to deposit the second check, but you and I can talk that over as we proceed.

I have been telling people here for the last several months that I'm not going to ask TWS for the second check until we have a green light to do the search and do it right. For some reason I thought the second check would not be sent until I asked for it. And I didn't want to report that I was bogged down waiting for various constituencies to accept they have no right and no power to divert the search to some cause other than what TWS wanted to support.

Dave. Please notify us when you are ready to receive funds. We will hold all payments until we get green light from you. Jp

Ginny is on top of it and will Fedex the voided check to you today.  
Thanks again.

Thank you. Please send back to me. Just write VOID across the front and over my signature.

Best of luck with your search.

**Subject:** TWS check

Hi Lori,

Ginny tracked down the check and has it safely locked away.

We can destroy it, return it, or hang on to it as you wish.

Thanks so much for your patience. The powers-that-be are a well-intentioned albeit complex bureaucracy, but they are working in it. They know that August was when we had to relaunch the search in order to have it play out as a normal search. But we're still within sight of that, so we will shortly confirm that the search is a go.

Dave
